How to Use TRY ON YOU

Follow the steps below to create your personalised jewellery preview. The option appears on products where Virtual Try-On is available.

1

Open a Jewellery Product

Visit the Upasana Jewels website and open a jewellery product that supports the Virtual Try-On feature.

2

Click “TRY ON YOU”

On the product page, select the “TRY ON YOU” button. The Virtual Try-On window will open.

3

Select Your Photo

Choose a clear photo from your device. For necklaces and pendants, a photo showing your face and neck clearly is recommended.

4

Check Your Photo

Review the selected photo. If you want to use another image, choose “Change photo” and select a different picture. You can also use “Retake” when available.

5

Create Your Try-On

When your photo is ready, click “CREATE MY TRY-ON”. The system will process the image and generate your preview.

06 See Your Try-On Result

Once processing is complete, your result appears in the Virtual Try-On window. You can view the jewellery on your photo and use the available actions below the result.

Tips for a Better Try-On

- ✦ Use a clear, high-quality photo.
- ✦ Choose good lighting so your face and neck are easy to see.
- ✦ For necklaces and pendants, keep the neck area visible.
- ✦ Avoid very dark, blurry, or heavily edited photos.
- ✦ If the first result is not suitable, try another photo.

PLEASE NOTE

The Virtual Try-On is a visual preview. The final appearance may vary depending on the uploaded photo, lighting, angle, image quality and jewellery design.
